The return paid to the investor in connection with the repayment or redemption of the Note will be treated as taxable income of the investor in accordance with the Income Tax Act (in Finnish "Tuloverolaki 1535/92"). In case the Note is sold or redeemed during the loan period, such disposal shall be treated in taxation according to the provisions relating to capital gains and losses. A loan which is taken in order to finance the purchase of a Note falling outside the scope of the Act on Withholding Tax on Interest is treated in taxation as debt to finance the relevant income. Tax treatment is dependent on the individual circumstances of each investor.
